Item 2.01 Completion of Acquisition or Disposition of Assets.

On November 12, 2019, Five9, Inc. (the “Company”) completed its acquisition of substantially all of the assets of Whendu LLC, a California limited liability company (“Whendu”), for \$15.35 million pursuant to an asset purchase agreement by and between the Company and Whendu dated November 11, 2019 (the “Asset Purchase Agreement”). The Company acquired Whendu’s iPaaS platform, which is designed for the specific needs of the contact center to help accelerate migration to the cloud by making it easier for enterprises to integrate with their existing environment and carry forward customized business processes.

Prior to the execution of the Asset Purchase Agreement, Whendu sold services to the Company’s clients and also participated in the Company’s independent software vendor partner program (the “Prior Relationship”). The Company believes that the Prior Relationship does not constitute a material relationship between the Company and Whendu. The Prior Relationship did not have an impact on the formula or principle for determining the consideration paid to Whendu in connection with the Asset Purchase Agreement.

There are no material relationships between Whendu and the Company or any of the Company’s affiliates, directors or officers or any associate of any such director or officer, other than with respect to the Asset Purchase Agreement and the ancillary agreements referred to therein and the transactions contemplated thereby.
